

Sustainable products examples-

Please use this example sheet for your reference. Also see xtroy.org for more options.

Language to look for -

- **Compostable**
- **BPI Certified**
- **PLA, Clay, Soy, Corn, Sugar lined**

Please note that paper plates, cups and containers cannot be made with a plastic wax coating and be aware that some plates and containers that appear to be acceptable may not meet our standards due to plastic blended into the product.

Straws must be paper.

And remember, plastic and foil take out containers are strictly reserved for **take home ONLY!**

Cold cups - Various sizes - 12oz as example -

12oz Compostable Cold Cup, PLA	Good Start Packaging	\$123.59	1000/case

6" Compostable Spoon	Good Start Packaging	\$57.64	1000/case
----------------------	--------------------------------------	---------	-----------

Sample Cups -

Dixie cups are not allowed since they do not make a PLA lined sample cup. Unwaxed paper sample cups are approved.

1oz Compostable Souffle Cup	Good Start Packaging	\$100.60	3000/case
-----------------------------	--------------------------------------	----------	-----------

2oz Compostable Souffle Cup	Good Start Packaging	\$83.47	2000/case
-----------------------------	--------------------------------------	---------	-----------

***Please note that this Brown Fold Box will be acceptable to use at the market until further examination.* This is not the most cost effective product, however, this is the only one we could find that is compostable. If you do not wish to use this, please use the “Hoagie Box” as seen in the beginning or use another compostable alternative.**

Fold-Pak BioPlus #4 Brown Box	Good Start Packaging	\$70.73	160/case
-------------------------------	--------------------------------------	---------	----------
